Portfolio: https://portfolio-mohammadziadeh.netlify.app/

Front-End developer | Back-End developer | Full stack developer

CAREER OBJECTIVE

I'm a full-stack developer specializing in Flutter, Laravel, and React, passionate about creating real-world digital experiences from sports tech to education platforms. I recently completed intensive training at Orange Coding Academy, where I honed my skills in building clean UI/UX and scalable backend solutions. I thrive on projects that blend creativity and functionality to deliver impactful products.

Core Competencies

Software Development Fast learner	Critical Thinking	Time Management
	Problem-Solving Ability	Effective Communication
	Project Management	Attention to Detail
	Customer-Centric Approach	Team Collaboration

Technical Knowledge

Programming Languages: JavaScript, HTML/CSS, React JS, PHP, Laravel, Dart, Flutter
Database: SQL, MySQL, SQL Server
Operating Systems: Windows
Software Development Practices (SDLC): Scrum, Agile
Other Tools: MS Office (Word, Excel, PowerPoint), Git (Version Control Systems) , Postman

Internship

Company Name, Location   **Jul 2023 – Aug 2023**
Work Experiences:

Academic Projects

1) 3x3 Basketball App

- **Description:** A cross-platform mobile and web app designed to streamline the organization of 3x3 basketball events in, Aqaba and beyond. Features include player registration, team creation, event browsing, real-time score tracking, live   leaderboards, player profiles with rankings and achievements, and admin tools for full event control. Supports both Arabic and English with light/dark mode and responsive UI.
    - **GitHub**
- **Technologies Used:** Flutter, Laravel, MySQL

2) LMC – Learning Management Center

- **Description: A complete learning management system designed for students, trainers, and admins. Offers role-based dashboards, built-in tutorials, automation tools, and a gamified point system to track and reward performance. Promotes active learning and simplifies academic workflow. Includes a minimalist mobile version for on-the-go access.**
- **GitHub**
- **Technologies Used: Laravel, React.js, MySQL, JavaScript, HTML/CSS**

Education & Credentials

University of Jordan, Jordan — Bachelor's in CIS (Computer Information System) | Expected 2028

Conferences and Training Attended:

- **Feb 2022**
  Certification of Achievement from U.S. Embassy Amman for completing the intensive two-year English Access Microscholarship
-
- **May 2022**
  Certification for participating in ELO 2022 (English Language Olympics) in Jordan
-
- **March 2023**
  Certification for completion of National Geographic's LIFE Level 5B, from L.I.F.E Center Aqaba – a program of World Associates LTD, USA
-

- **July 2025**
  Completed a full-stack, 6-month cross-platform development training at Orange Coding Academy (OCA), where I gained hands-on experience with React.js, Laravel, and MySQL, and built real-world projects using Flutter and Dart for mobile development. The program emphasized version control with Git, agile practices, and soft skills such as communication, collaboration, time management, and teamwork through regular peer coding and project-based tasks.
